

Appln. No. 10/821,440

Attorney Docket No. 10541-1975

III. Remarks

Claims 1-29 are pending in the application. Claims 9 and 15 have been cancelled. Claims 1 and 10-14 has been amended. Claim 30 have been newly added.

Allowable Subject Matter

The undersigned acknowledges the Examiner's indication of the allowability of claims 9-15 (if rewritten in independent form) and 16-29.

Claim 1 has been amended to include the limitations of claim 9. More specifically, claim 1 now includes the limitation that a wall is disposed in the auxiliary passage. With regard to the amendments to claims 10-14, these amendments were made to correct their dependency, which changed due to the amendment to claim 1 and cancellation of claim 9.

With respect to claim 15, the limitations of claim 15 and claim 1 have been combined and are now included in new claim 30. More specifically, the limitation that auxiliary flow passage further includes a wedge-shaped rear wall has been added to the limitations found in original claim 1.

Applicants respectfully request allowance of claims 1-8 and 10-14, as amended, and new claim 30, since they now include limitations or depend from claims that include limitations that the Examiner indicated would be allowable if rewritten in independent form.
